● PROJECTS

Landing Page

<https://darksided1809.github.io/Landing-Page/> Source: <https://github.com/darksided1809/Landing-Page>

I have begun the road of web development in Front-End developing with my first responsive landing page and actually it was hard, because I did that without anyone's help, just looked at the PSD template and went ahead.

My Portfolio

My personal portfolio without any projects yet. Hope to fill it by a tone of various projects

Page on Bootstrap

Built a responsive page on Bootstrap. Hard to learn all of those rules of framework, easy to get done the project.

Skinally Factory
